Sign up or subscribe for a **free trial** for **MS GetMeasured** at www.mirrorsize.com

Steps to integrate MS GetMeasured - Store

1. **Sign up** or subscribe for **free trial** at www.mirrorsize.com
 - a. Choose the type of Bespoke merchants that fits your business needs:
 - b. Options: Online / Store/ Mobile app/ None
2. Here you would select “None”
3. Enter your company and contact information data & sign the free trial user license agreement
4. Click submit to get started. We’ll generate a “MIN “(Merchant Identification number) for you.

Now you’ve access to your dashboard to manage your customer details.

- a) You can then activate unlimited devices, be it a smartphone, tablet in your trial room to get your employees body measurements. Here are the steps that you need to follow:
- Download “MirrorSize” mobile app (IOS or ANDROID) from the respective app store & play store
 - Login with your **USER ID and PASSWORD**. Once you login, you will see the below screen, please as many devices as you want in your store:

Once your employees enter the above data and take their measurements, the measurement data will be displayed on your dashboard.

- b) Your employees can also send their measurement data remotely. Please give them your “access code” (see Access Code in your dashboard) and ask your employees to download MirrorSize mobile app, enter the access code to get their measurements.

Measurements data of your employees will be displayed on your dashboard. Should you need any help, please contact info@mirrorsize.com or contact your MirrorSize customer service representative.
